We appreciate your enthusiastic response and very encouraging feedback about ordering online - and most especially your orders!

We also receive constructive suggestions, which prompt us to further improve the Catalogue - making it **EASIER to NAVIGATE** to quickly locate the products and the titles which you wish to order.

And to add the **COMING SOON** page to our Catalogue, so you can now see - and also order - any titles currently in production.

A WONDERFUL MILESTONE: WE HAVE JUST PUBLISHED PEGGY SHAW'S 99TH TITLE

Peggy is without doubt our most prolific artist, and we have just published six new titles of her most recent floral watercolours.

A gloriously rich 'Red Eucalyptus Blossom' will be the 99th title to feature Peggy's paintings. And during 13 years many of these have been regularly reprinted, and continue to be some of our most popular Original Art Cards.

The latest titles also feature some wonderful work by Juliana Hilton, June Woods, and a colourful new collection of 'Chooks' by Kristina Browning - all available mid-July.
